

Paint Colors for Lafayette Village

Revised May, 2012

The color palette for the community was developed in keeping with the colonial style of the homes and the ACC requires that all homeowners comply with the guidelines that follow. All color names are from the Duron paint company.

- The front door and shutters (if installed) must be the exact same color and from the approved list of door/shutter colors.
- Adjacent homes may **not** use the same door/shutter color.
- You may choose from the list below or you may keep your current (approved) color.
- Storm/screen doors may be either black, brown, the color of the front door itself or match the door trim color.
- The house trim may be any from the approved list of trim colors.
- Homes on the East side of Lafayette Village Drive may choose any one trim color.
- Homes on the West (Beltway) side of Lafayette Village Drive may introduce a second color on the bay/box window. It should match the siding color of the home or be from the list of approved trim colors.

Approved Door/Shutter Colors

Black
Fairfax Brown
Forest Green
Redwood
Cobblestone Grey
Chadwicke Tan
Georgian Bay
Rockwood Blue Green

Approved Trim Colors

Colonial White
Newport
Greystone
Wheat
Harness Shop Tan

Lafayette Village maintains an account at the Duron Store in Annandale. Our account number is: 3993-6249-0. When you use our account there is a discount, which generally makes the cost comparable with the big box stores. The discount applies to all paint you buy there, not just exterior colors. Paint color names change periodically but their computer system will match our color selection and small containers of custom colors are available for you to try at home.

Please contact the Architectural Control Committee if you have any questions regarding the exterior paint colors of your home.
